Version History:		

Policy Objective

To provide an ongoing funding source for the provision of interstate/international judges and technical panel officials required to make up the correct panels for IFSC Competitions.

Policy

1. At all times, local judges and officials should be used first and foremost before inviting interstate / international officials.
2. Funds from this account should only be used where a specific panel is required to run an event, ie: benchmark levels or where local officials are not qualified to officiate a particular division ie: Dance.
3. Financial assistance is specifically for travel and accommodation to attend events.
4. Where possible and to add value, judges and officials should be able to officiate more than one discipline and work at most days of the event.
5. Bookings for travel and accommodation should be made within reason. (economy class flights etc)
6. Funds will only be paid on submission of receipts.
7. At the completion of WinterSun, 10% of the net profit should be deposited into the Future Competition Fund to ensure funds are available to run events into the future.

Reasoning

To ensure we have the funds available to support interstate/international judges and officials so we don't have to cancel events or categories of an event where we can't get the correct panel of officials.
